II. Oral Evaluation

Basis for evaluation of individual criteria (required, ¼ - ½ page):

Master thesis assignment was fulfilled in all the points, the extra part of diploma thesis is 3D presentation of building structures.

Formal and graphical level of master thesis is good, but graphical presentation has often characteristic features of Spanish way of screening of building structures.

There are some slightly unclear places in the solution of building structures and in their depiction.

Javier worked on the diploma thesis systematically and consulted regularly with thesis supervisor and concrete structures specialist as well.
