	Mark	Motivation
Knowledge and understanding C1: Analyzing and defining problems C5: Conducting Research Weight factor 1	5	In the analysis phase the project has been over-simplified. Too little focus on the essentials of the problem. Positive is the student has used these simplifications to come to a conclusion
Applying knowledge and understanding C2: Design C3: Testing C4: Managing work processes Weight factor 1	5	Process OK. Enough width in the project, but too little depth. Student could have been aware of that. The width is appreciated.
Making judgments C1: Analyzing and defining problems C2: Design C4: Managing work processes C5: Conducting Research Weight factor 1	5	Simulations often incorrect, and thus not giving the required insight in the problem.
Communication C1: Analyzing and defining problems C6: Communication and Collaboration Weight factor 1	6.5	Presentation was fine, and good communication. Nitesh was able to reach his results in short time, with positive collaboration.
Learning Skills C7: Professional development Weight factor 1	6	After an initially too low level of work, Nitesh showed to be able to improve his work substantially.
Mark total	5.5
