

Description		
Mode of operation	CD	Single rod cylinder
Range	H1	Range H1
Mounting types	MS2	Foot mounting
Bore diameter	50	D = 50 mm
Piston rod diameter	36	d = 36 mm
Stroke length	1800	Stroke length = 1800 mm
Design principle	A	Flanged head and cap
Component series	3X	30 to 39 unchanged installation and connection dimensions
Port connection / types	B	according to ISO 1179-1 (pipe thread ISO 228-1) EE = G 1/2 D4 = 34 (max. 0.5 mm deep)
Line connection/located at head	1	Top - viewed on the piston rod
Line connection/located at base	1	Top - viewed on the piston rod
Piston rod version	C	Hard chromium-plated
Piston rod end	S	With self-aligning clevis fitted CGAS KK = M24x2 CH = 75 CN = 30
End position cushioning	U	Without
Seal version	M	Standard sealing system (for mineral oil HL, HLP and HFA)
Option	W	Without option
