# Rychlá spolupráce

(Business Process Diagram)

## GENERAL INFORMATION

External process	No
------------------	----

## CLASSIFICATION

Process type	None
Predictability	No entry
Complexity	No entry
Process frequency	No entry
Business Value	No entry
Key process	No entry

## POTENTIAL AND MATURITY ANALYSIS

Cost efficiency	No entry
Cycle time	No entry
Quality	No entry
Customer satisfaction	No entry
IT support	No entry
Compliance	No entry
Risk management	No entry
Process management maturity	No entry
Potential and maturity analysis (as-is average)	No entry

## CIP

Action required	No
-----------------	----

## PROPERTIES

Process type	None
Executable	No
Closed	No
Auditing	No
Monitoring	No
Global Choreography Task	No

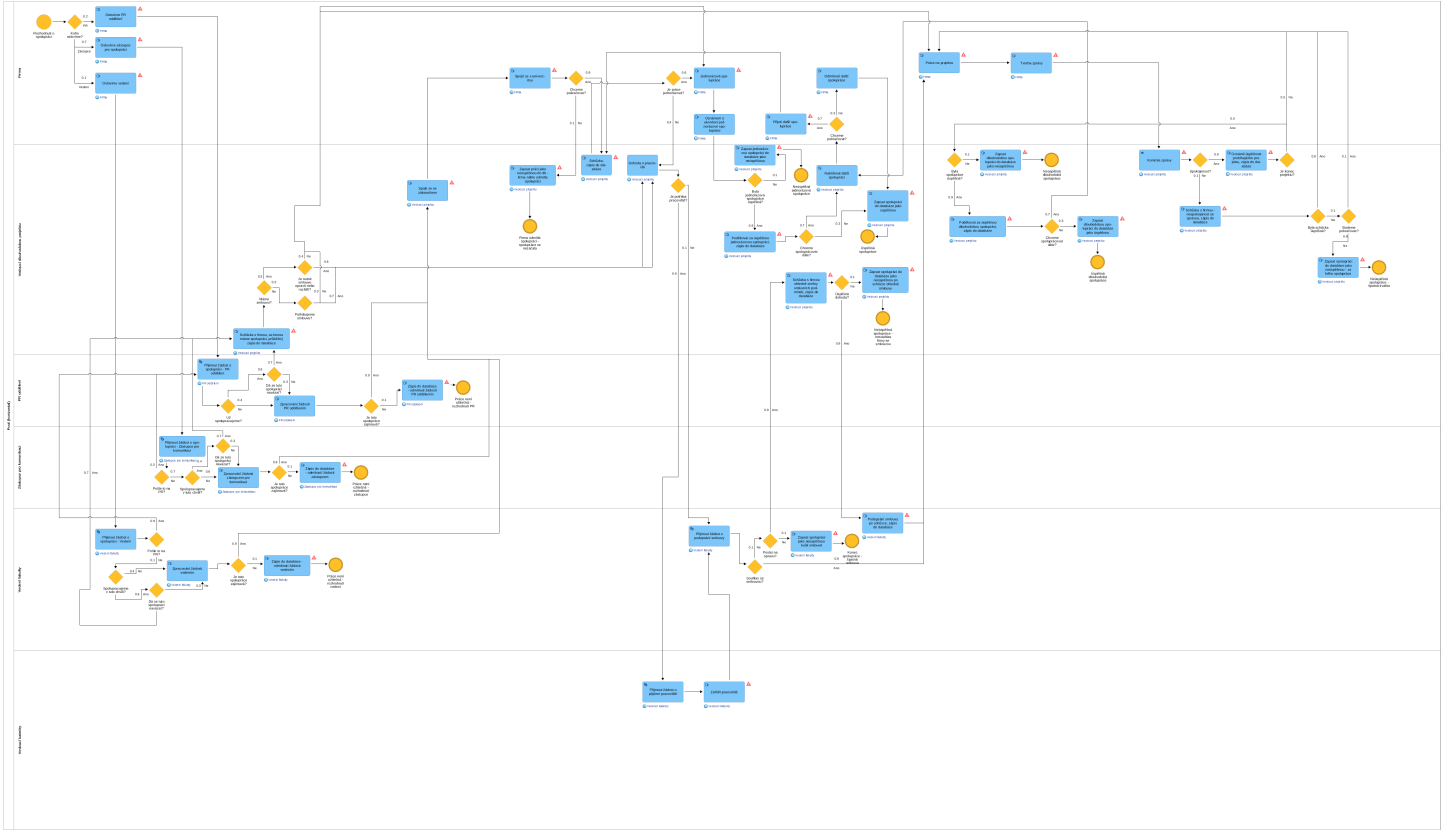

## LIFECYCLE

State	Draft
Voting state	Inactive

## SYSTEM INFORMATION

Author	ac103190_s001
Creation date	24.01.2019 09:37

Last editor	ac103190_s001
Date of last change	05.05.2019 11:07

## Budeme pokračovat? (Exclusive Gateway)

### OBJECT PROPERTIES

Type	Data-based
Show marker for data-based Gateway	No
Instantiate process (event-based Gateway)	No

### CHANGES

Identification of changes	No change
Action required	No

### REPRESENTATION

Representation (Name)	below
-----------------------	-------

## Byla jednorázová spolupráce úspěšná? (Exclusive Gateway)

### OBJECT PROPERTIES

Type	Data-based
Show marker for data-based Gateway	No
Instantiate process (event-based Gateway)	No

### CHANGES

Identification of changes	No change
Action required	No

### REPRESENTATION

Representation (Name)	below
-----------------------	-------

## Byla schůzka úspěšná? (Exclusive Gateway)

### OBJECT PROPERTIES

Type	Data-based
Show marker for data-based Gateway	No
Instantiate process (event-based Gateway)	No

### CHANGES

Identification of changes	No change
Action required	No

## REPRESENTATION

Representation (Name)	below
-----------------------	-------

### Byla spolupráce úspěšná? (Exclusive Gateway)

## OBJECT PROPERTIES

Type	Data-based
Show marker for data-based Gateway	No
Instantiate process (event-based Gateway)	No

## CHANGES

Identification of changes	No change
Action required	No

## REPRESENTATION

Representation (Name)	below
-----------------------	-------

### Chceme pokračovat? (Exclusive Gateway)

## OBJECT PROPERTIES

Type	Data-based
Show marker for data-based Gateway	No
Instantiate process (event-based Gateway)	No

## CHANGES

Identification of changes	No change
Action required	No

## REPRESENTATION

Representation (Name)	below
-----------------------	-------

### Chceme pokračovat? (Exclusive Gateway)

## OBJECT PROPERTIES

Type	Data-based
Show marker for data-based Gateway	No
Instantiate process (event-based Gateway)	No

## CHANGES

Identification of changes	No change
Action required	No

## REPRESENTATION

Representation (Name)	below
-----------------------	-------

## Chceme spolupracovat dále? (Exclusive Gateway)

### OBJECT PROPERTIES

Type	Data-based
Show marker for data-based Gateway	No
Instantiate process (event-based Gateway)	No

## CHANGES

Identification of changes	No change
Action required	No

## REPRESENTATION

Representation (Name)	below
-----------------------	-------

## Chceme spolupracovat dále? (Exclusive Gateway)

### OBJECT PROPERTIES

Type	Data-based
Show marker for data-based Gateway	No
Instantiate process (event-based Gateway)	No

## CHANGES

Identification of changes	No change
Action required	No

## REPRESENTATION

Representation (Name)	below
-----------------------	-------

## Dohoda o pracovišti (Task)

### RACI

Responsible for execution	Vedoucí projektu
To inform	Firma, PR oddělení, Vedení fakulty, Vedoucí katedry

## INPUT/OUTPUT

Collection datatype (input)	No
Collection datatype (output)	No

## CIP

Action required	No
-----------------	----

## OBJECT PROPERTIES

Task type	Not specified
Global task	No
Auditing	No
Monitoring	No
For compensation	No
Loop type	Not specified
Start number	1
End number	1
Object type	No entry
Collection	No

## STANDARD (LOOP)

Check condition before	No
Maximal number of runs	0

## MULTI-INSTANCES (LOOP)

Sequential execution	No
Behaviour	None

## DETAILS

Implementation	No entry
Instantiating	No

## CHANGES

Identification of changes	No change
---------------------------	-----------

## REPRESENTATION

Representation	inside
Show responsible for execution	Yes
Show symbol ("i") when a description is entered	Yes
Show accountable for approving results	No
Show consulted	No
Show to inform	No
Show symbol when risks exist	Yes

Visualise referenced IT system elements	Yes
---	-----

### TIMES/COSTS

Execution time	0:000:01:00:00
Waiting time	0:002:00:00:00
Resting time	0:003:00:00:00
Transport time	0:000:00:00:00
Costs	0

### Dá se tuto spolupráci navázat? (Exclusive Gateway)

### OBJECT PROPERTIES

Type	Data-based
Show marker for data-based Gateway	No
Instantiate process (event-based Gateway)	No

### CHANGES

Identification of changes	No change
Action required	No

### REPRESENTATION
