

Attachment 1: IFPS User's Manual

12.1 Aerodrome of Departure (ADEP) within IFPZ

*Flight plans and associated messages for IFR/GAT flights departing from an aerodrome within the IFPZ shall, **if authorized by the State concerned**, be submitted directly to the IFPS and not via the Air Traffic Services Reporting Office (**ARO**) at the departure aerodrome.*

AOs who are unable (e.g. no AFTN or SITA terminal) to submit their flight plan or associated messages directly to the IFPS shall submit the flight plan messages to the ARO of the departure aerodrome.

It shall be the responsibility of the ARO to ensure submission to the IFPS for processing of any flight plans or associated messages relating to IFR/GAT flights or parts thereof intending to operate within the IFPZ submitted to that ARO by the relevant AO or their representative.

*AOs shall ensure that the flight plan or associated message is always submitted **either** directly to the IFPS **or** to the ARO at the departure aerodrome, **but not both**.*
