

**Agreement regarding publication of  
research work developed within the SAHC dissertation**

**Bruno Favoretto Silva**, from Brazil, developing his SAHC dissertation on the topic of “**Conservation of 20<sup>th</sup> Century Concrete Heritage: A Case Study in Prague**” at CTU in Prague”, and his scientific supervisor **Cristiana Lara Nunes**, hereby declare that they understand that:

- The work being carried out might be an integral part of a larger external contract, research project or PhD dissertation under development;
- External publication of the work developed within this SAHC dissertation requires the agreement of the thesis supervisor and credit to the SAHC program, either in the authorship or the acknowledgement;
- Even if the thesis supervisor will do the best efforts to include the student's name in publications related to this thesis work, this might be not always possible depending on applicable rules in contracts or the size of team. In any case, the student's name should always be included in a publication if the same includes a minimum of 33% of contents directly resulting from the thesis work.
