Further comments to the master's thesis:

The candidate applied an appropriate methodology to address the requirements of the theses and solve the defined problem. Relevant literature was only addressed and considered in the thesis marginally. Hypotheses or research questions were not defined as such in the thesis.

The defined problem was solved and the some evaluation scenarios were defined.

I - **select** - the master's thesis for the defence.

Summary classification of the master's thesis B (very good) ... 1,5
