II. Oral Evaluation

Basis for evaluation of individual criteria (required, ¼ - ½ page):

The thesis assignment was fulfilled on necessary level, there are no extra parts of diploma thesis.

Master thesis are formally on good level, but graphic presentation of technical drawings carry imprints of country of batchelor´s education and some parts are not processed according the Czech traditions.

Diploma project is in principal clear, but there are some misunderstandings and unclear parts in structural solution and drawings as well.

Student worked very hard all semester and consulted very often his problems with specialist for static part of thesis and thesis supervisor.

III. Overall Assessment

As a thesis supervisor I evaluate the submitted thesis with the grade:

D - satisfactory

Grading scale used:

A	B	C	D	E	F
excellent	*very good*	*good*	*satisfactory*	*sufficient*	*failed*

V. Result

Based on the above as a thesis supervisor:

☒	I recommend the master thesis for defense
☐	I don't recommend the master thesis for defense
